

Precinct 12: Mickleham

Wurundjeri Woi-wurrung Country

OPEN SPACE OPPORTUNITIES

4.6ha

visitable open space per 1000 people

94.7%

properties within 400m of a park

10,648

population (2021)

5.1%

per annum

37,000

projected population (2041)

OPTIMISE

Opportunities are examples of potential projects and not a complete list.

The next step is an implementation plan to investigate and prioritise projects.

12.1 Cycle path along future ring road

Advocate for the future Outer Metropolitan Ring Road to have a cycle path set apart from the road as an important way for more residents to access Lindum Vale and link to Mt Ridley Nature Conservation Reserve. This will help address nearby identified gap areas.

12.2 Oasis Areas

Oasis areas are planted to achieve 70% canopy cover by 2050. For example:

- Tremaine Avenue Reserve
- Alice Avenue Reserve
- Salcey Way Reserve

GROW

Prioritising land for open space starts with identifying the gaps.

12.3 Outer Metropolitan Ring Road

Identified gap area. Investigate the feasibility of securing a small local reserve to resolve the shortage provide open space within a 400m walk of homes. Investigate a rest stop for cyclists riding the future off-road cycle path along the Outer Metropolitan Ring Road.

12.4 Mickleham North Linear Park

Incorporate open space and social recreation features within the Merrifield South Development area to support future population.

12.5 Kalkallo Retarding Basin

Advocate and ensure any redevelopment of the Kalkallo Retarding Basin supports the ecological, cultural and linear access connections along Kalkallo Creek, in addition to supporting social recreation opportunities.

12.6 Conservation Area 23 and 29

State Government to secure the remaining 69ha along Kalkallo Creek at Hume Freeway and the remaining 92ha of Mt Ridley Grassy Eucalypt Conservation Areas.

KEY

- Existing Open Space
- Existing Open Space (restricted access)
- Proposed Open Space
- Gap in access to open space within 400m (with 'grow' recommendation)
- Gap in access to open space within 400m (with 'optimise' recommendation)
- Waterway
- OMR Public Acquisition Overlay
