

Precinct 4: Redstone

Wurundjeri Woi-wurrung Country

OPEN SPACE OPPORTUNITIES

16.5ha

visitable open space per 1000 people

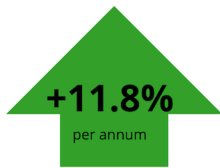

98.7%

properties within 400m of a park

4,999

population (2021)

35,000

projected population (2041)

OPTIMISE

Opportunities are examples of potential projects and not a complete list.

The next step is an implementation plan to investigate and prioritise projects.

Funding will then be sought via Council's annual budget processes, contributions, partnerships and grants.

4.5 Redstone Hilltop Reserve

Develop master plan principles to set out Wurundjeri Woi-wurrung cultural significance for the upcoming Redstone Hilltop Reserve. Viewing and social recreation opportunities will be included in Master plan.

4.6 Oasis Areas

Oasis areas are planted to achieve 70% canopy cover by 2050. For example

- Kathleen Aitken Reserve
- Florence Lane Reserve
- Yanada Close Reserve

GROW

Prioritising land for open space starts with identifying the gaps

4.7 Jacksons Hill Masterplan

Secure the open space and linear links identified in the Jacksons Hill Masterplan

4.1 Upgrade walking and cycling links:

- around Greater Western Water to reach Jacksons Hill Reserve, and to a pedestrian bridge over Jacksons Creek
- within and around the Jacksons Hill heritage Precinct
- along Watson Road to Sunbury Pop Festival Nature Reserve and to a pedestrian bridge over Jacksons Creek

4.2 Holden Flora Reserve

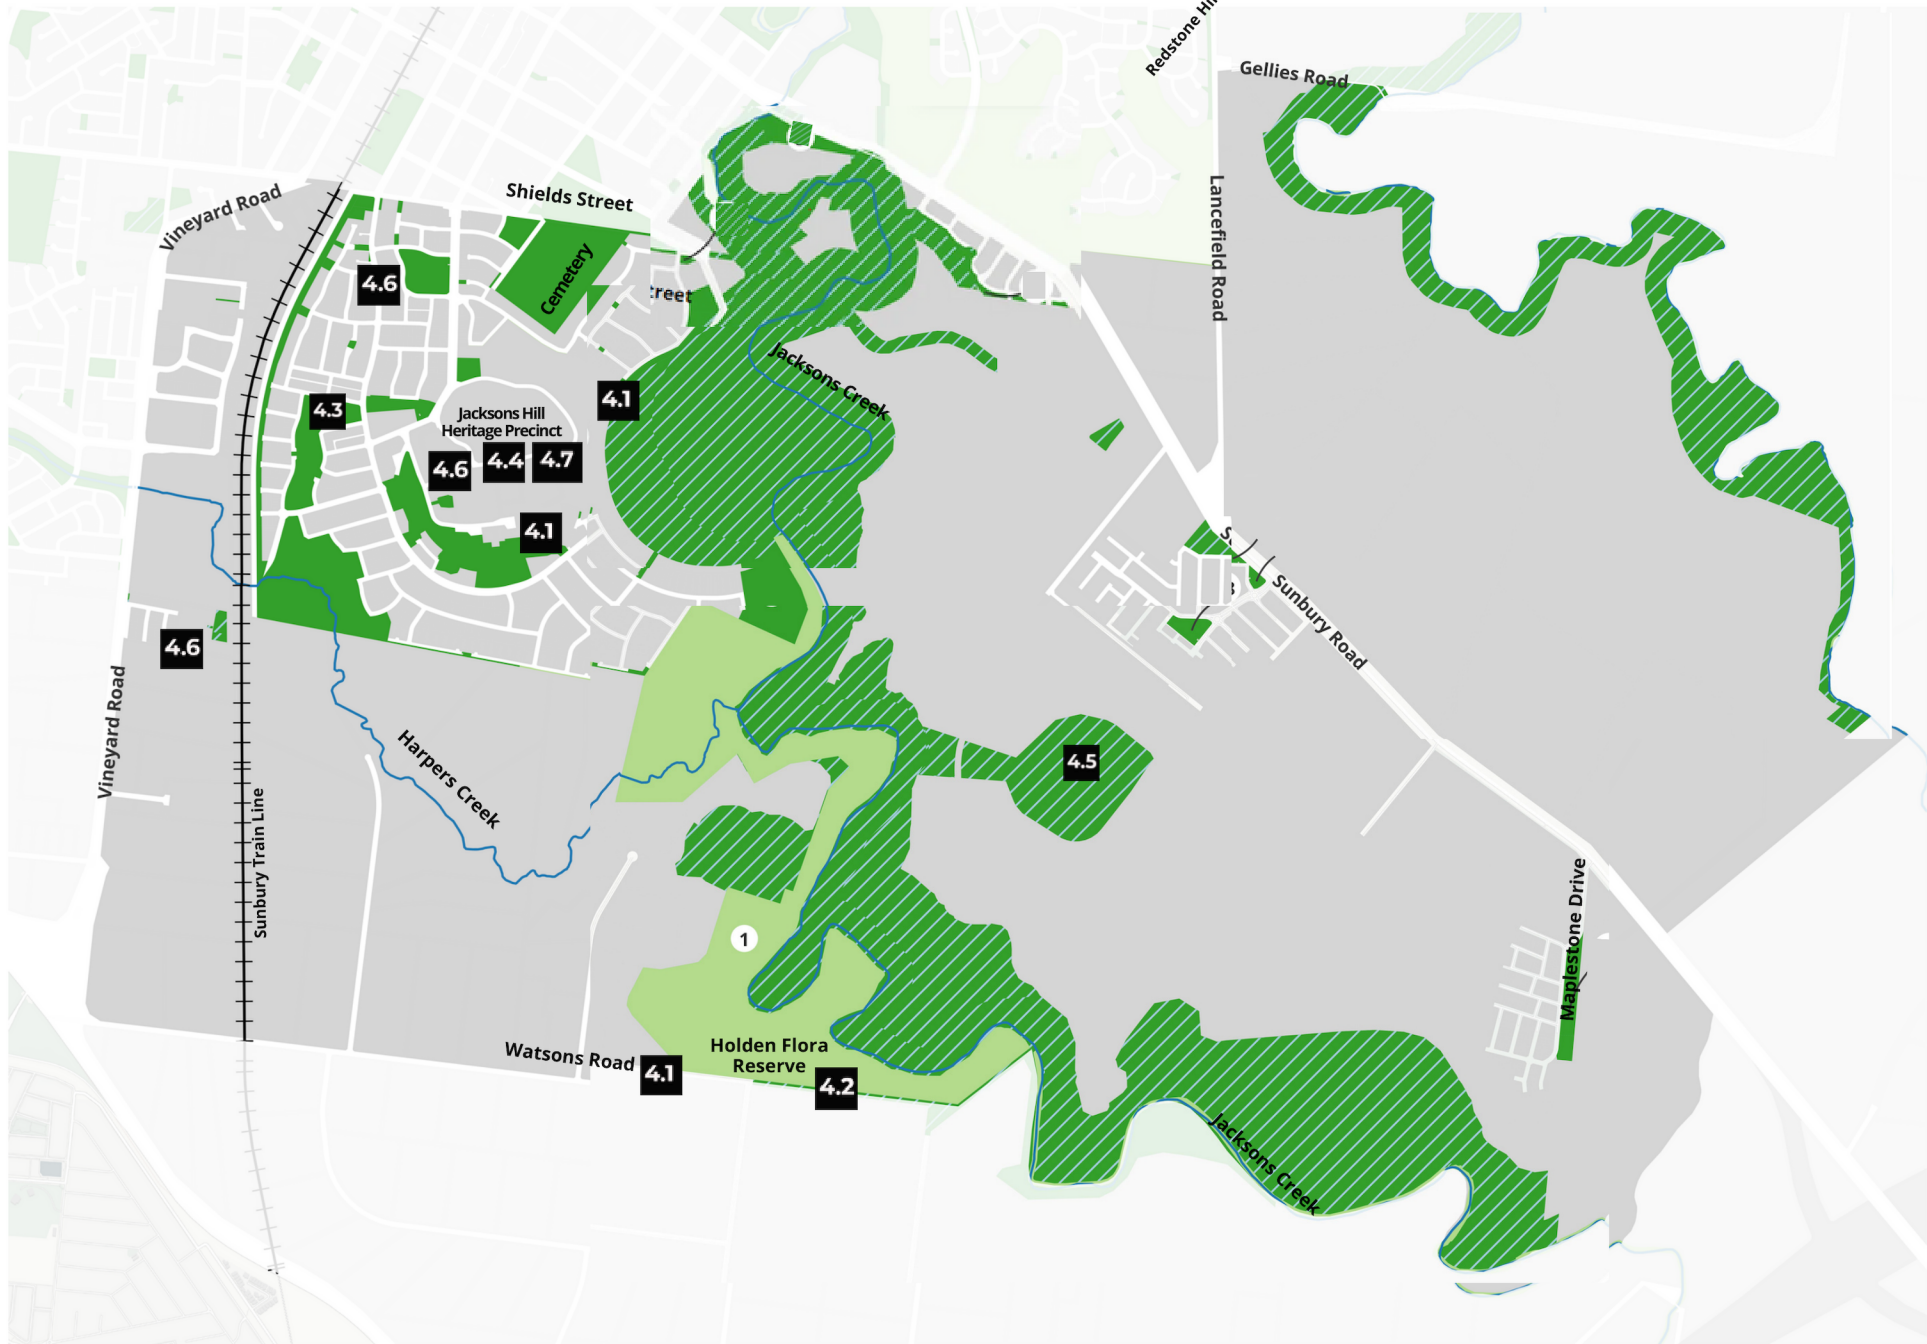

Advocate for a future viewing platform at Holden Flora Reserve to be reached from Watsons Rd.

4.3 Jacksons Park (Galaxyland)

Maintain Galaxyland as one of Hume's premier feature play and family outdoor event experiences and be upgraded where necessary to retain this role. Review the name of Galaxyland to better reflect the values of the playspace.

4.4 Jacksons Hill Heritage Precinct

Progress open space initiatives within the precinct to support a range of visitor experiences including walking loops, historical points of interest, and where possible hosting outdoor events.
